M005**46050**	08714729780250	SpyGlass Storage Tray – Small[2]	Each

[1] The SpyScope Access and Delivery Catheter, SpyBite Forceps and Irrigation Tubing are single-use devices. The SpyGlass Direct Visualization Probe is a reusable device that has been validated up to 20 reprocessing cycles of high level disinfection. The true number of procedural uses, however, will depend on how the SpyGlass Probe is handled. Fiberoptics are very sensitive and need delicate handling.

[2] Purchase of a minimum of two storage trays is recommended. Large storage trays (M00546060) are recommended unless account reprocesses in an Olympus™ Medivators™ Machine, into which the large storage trays will not fit. In this case, small storage trays should be ordered (M00546050).

GuidePoint Reimbursement Solutions

The Endoscopy Health Economics and Reimbursement (HE&R) Team offers a suite of reimbursement services and support for healthcare professionals seeking a better understanding of reimbursement for Boston Scientific's Endoscopy and Pulmonary products and procedures. We can help you develop a base level of knowledge in coding, coverage and payment for these procedures and offer educational presentations and webinars on topics like the Affordable Care Act and changes to Medicare reimbursement impacting providers and facilities. Other offerings include coding and billing audits and facility-specific reimbursement information, benchmarking data, and support.

About Our Team

Boston Scientific Endoscopy's HE&R Team is comprised of highly skilled professionals specializing in reimbursement, health economics and health policy issues. The team has a broad background with experience working for public and private payers, medical associations, healthcare consulting agencies and academic research organizations. We use clinical and economic outcomes data and collaborate with outside experts to promote appropriate coding, coverage and reimbursement for Boston Scientific Endoscopy and Pulmonary products and procedures.

Contact Information

For more information about Boston Scientific Endoscopy's GuidePoint Reimbursement Solutions, please contact our **Health Economics and Reimbursement department at 800-876-9960 x54510 or ENDOreimbursement@bsci.com**.

GUIDEPOINT Reimbursement Resources

Health economic and reimbursement information provided by Boston Scientific Corporation is gathered from third-party sources and is subject to change without notice as a result of complex and frequently changing laws, regulations, rules and policies. This information is presented for illustrative purposes only and does not constitute reimbursement or legal advice. Boston Scientific encourages providers to submit accurate and appropriate claims for services. It is always the provider's responsibility to determine medical necessity, the proper site for delivery of any services and to submit appropriate codes, charges, and modifiers for services that are rendered. Boston Scientific recommends that you consult with your payers, reimbursement specialists and/or legal counsel regarding coding, coverage and reimbursement matters. Boston Scientific does not promote the use of its products outside their FDA-approved label.

For pricing information contact your Boston Scientific Sales Representative or Customer Service at **1.888.272.1001**

Services

Boston Scientific's Endoscopy business develops less invasive medical devices for treating gastrointestinal diseases. We are committed to providing clinically proven technologies, services and customer support to help healthcare providers improve patient outcomes while reducing the total cost of patient care.

Performance Optimization Services

Boston Scientific's Supply Chain Optimization services are designed to **improve operational efficiencies** and cost savings. Working with a hospital's internal supply chain team is a key component of developing a solution that meets your needs to reduce cost and time on inventory management, optimize and automate the end-to-end order management process, increase order accuracy and more.

ADVANTICS™ Innovative Healthcare Solutions is a new way to collaborate to meet your specific challenges in the changing healthcare landscape. ADVANTICS recognizes that every provider is unique and that only by working together can we find truly effective solutions.

Certain Terms and Conditions

Ordering Information

All orders should be placed directly with Boston Scientific Endoscopy Customer Service by mail, telephone, fax or Electronic Data Interchange (EDI).

Boston Scientific Endoscopy
500 Commander Shea Blvd.
Quincy, MA 02171
(888) 272-1001 Phone
(888) 272-9444 Fax
(877) 272-3340 EDI

Please contact EDI if interested in ordering your endoscopy products via the internet.
Please note that the above address is our mailing address only.

Customer Service is available between the hours of 8:30 am and 9:30 pm (Eastern Standard Time) weekdays excluding national holidays. Our toll-free fax number, (888) 272-9444, is available at all times. In addition, technical and emergency service is available 24 hours a day, 7 days a week, call (888) 272-1001 for further instructions.

Standing Orders

Boston Scientific Endoscopy accepts standing orders on all products. This convenience provides you with scheduled shipments using a single purchase order. Contact the Customer Service Database Department at (888) 325-1060 for details.

Terms

Terms are Net 30 Days. All shipments are F.O.B. Quincy, Massachusetts. Prices are subject to change without notice.

Returned Goods

Permission to return merchandise is required for all returns and, except as provided herein, may be withheld in the sole discretion of Boston Scientific Endoscopy. This authorization must be requested by calling or writing:
Customer Service
Boston Scientific Endoscopy
500 Commander Shea Blvd.
Quincy, MA 02171
(800) 862-1284

The request for authorization must include:

- Reason for the return – "Ordered in Error," "Shipped in Error," etc.
- Catalog number, size, quantity, lot number
- Purchase order number, Boston Scientific Endoscopy invoice number and date of invoice

All merchandise returned to Boston Scientific Endoscopy must be accompanied by a copy of the packing slip or invoice enclosed with the original shipment. The Returned Goods Authorization (RGA) number must be clearly marked on the shipping container. Merchandise returned without an RGA number will not be accepted or considered as returned product.

Merchandise that will not be accepted for return:

- Expired product or products with less than 6 months shelf life
- Merchandise manufactured as SPECIALS or CUSTOM
- Merchandise in unsaleable condition (opened, damaged, tampered, etc.)
- Merchandise not listed in this Price List or any Supplement
- Merchandise sterilized or used by customer
- Merchandise that is not packaged properly for shipping when returned
- Incomplete kits or boxes (unless defective)
- Unauthorized returns

Certain Terms and Conditions

Returned Goods (continued)

Allowance Schedule for Authorized Returns:

Allowance Schedule for Capital Equipment:

- Capital Equipment processed in error by Boston Scientific Endoscopy will receive full credit if returned in saleable condition
- Capital Equipment cannot be returned once the customer has taken title of the equipment

Allowance Schedule for Metal and Polyflex™ Stents and Alair™ Bronchial Thermoplasty Products:

- Merchandise processed in error by Boston Scientific Endoscopy will receive full credit if returned in saleable condition
- Merchandise returned within 30 days of invoice date in saleable condition will receive 100% credit
- Merchandise returned from 31 days to 90 days in saleable condition will receive full credit less a 30% restocking charge
- Merchandise returned from 91 days to 150 days in saleable condition will receive full credit less a 50% restocking fee
- Merchandise returned past 150 days will not receive any credit

Allowance Schedule for All Other Products:

- Merchandise processed in error by Boston Scientific Endoscopy will receive full credit if returned in saleable condition
- Other merchandise returned within 30 days of invoice date in saleable condition will receive full credit less a 15% restocking charge
- Merchandise returned past 31 days in saleable condition will receive full credit less a 40% restocking charge provided there is at least 6 months left on the expiration date

Pricing and Specification Changes

As we are continually introducing products and improving our existing products, this Price List does not purport to be complete, and the equipment supplied may not agree in all details with the description and specifications shown in the catalog and / or price list. All product offerings, prices and specifications are subject to change without notice.

Notice

Indications, contraindications and instructions for use, as well as product warranty information, if applicable, can be found in the product labeling supplied with each device. Caution: Federal law restricts this device to sale by or on the order of a physician.

Warning Re: Single-Use Devices

Products marked as "single-use" are for single use only. Do not reuse, reprocess or resterilize single-use products. Reuse, reprocessing or resterilization may compromise the structural integrity of the device and / or lead to device failure which in turn may result in patient injury, illness or death. Reuse, reprocessing or resterilization may also create a risk of contamination of the device and / or cause patient infection or cross-infection, including, but not limited to, the transmission of infectious disease(s) from one patient to another. Contamination of the device may lead to injury, illness or death of the patient. **BSC assumes no liability with respect to single-use devices reused, reprocessed or resterilized and makes no warranties, express or implied, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose, with respect to any such instrument.**

M005**1589**2	08714729718802	Radial Jaw 3 Max Capac

Bold type is old order number

For customer convenience, the Boston Scientific Endoscopy ordering system accepts the UPN (Universal Product Number) e.g., **M005158892** found on product labeling as well as Boston Scientific's old 4 digit order numbers e.g., **1589**.

Please use either one of these numbers when placing an order via phone, fax, internet, or Electronic Data Interchange (EDI).

For those customers who scan product today, Boston Scientific is moving to the GS1 GTIN barcode and labeling standards as part of our ongoing commitment to improve supply chain efficiency. For more information go to the website: www.bostonscientific.com/GS1.

Boston Scientific Endoscopy Customer Service Representatives will be happy to help you with any questions. We are eager to make the ordering procedure as simple and efficient as possible.
