

# SpaceOAR® and SpaceOAR Vue™ Hydrogel Systems

## 2022 Coding & Payment Quick Reference

Payer policies will vary and should be verified prior to treatment for limitations on diagnosis, coding, or site of service requirements. The coding options listed within this guide are commonly used codes and are not intended to be an all-inclusive list. We recommend consulting your relevant manuals for appropriate coding options.

The following codes are thought to be relevant to SpaceOAR® and SpaceOAR Vue™ procedures and are referenced throughout this guide.

To determine whether there are relevant C-codes for any Boston Scientific products, please visit our C-code finder at <http://www.bostonscientific.com/en-US/reimbursement/ccode-finder.html>.

C-Codes are tracking codes established by the Centers for Medicare & Medicaid Services (CMS) to assist Medicare in establishing future APC payment rates. C-Codes only apply to Medicare hospital outpatient claims. They do not trigger additional payment to the facility today.

It is very important that hospitals report C-Codes as well as the associated device costs. This will help inform and potentially increase future outpatient hospital payment rates.

### CPT® / HCPCS Code

### Code Description

55874	Transperineal placement of biodegradable material, peri-prostatic, single or multiple injection(s), including image guidance, when performed
-------	--

## Physician Payment – Medicare

All rates shown are 2022 Medicare national averages; actual rates will vary geographically and/or by individual facility. “Allowed Amount” is the amount Medicare determines to be the maximum allowance for any Medicare covered procedure. Actual payment will vary based on the maximum allowance less any applicable deductibles, co-insurances, etc.

CPT / HCPCS Code	Work RVU	Non-Facility Practice Expense RVU	Facility Practice Expense RVU	Malpractice RVU	Total Office- Based RVU	Total Facility- Based RVU	MD In-Office Medicare Allowed Amount	MD In-Facility Medicare Allowed Amount
55874	3.03	85.56	1.47	0.29	88.88	4.79	\$3,076	\$166

## Hospital Outpatient Payment – Medicare

CPT / HCPCS Code	Short Description	Payment Status Indicator	APC	Hospital Outpatient Medicare Allowed Amount
55874*	Transperineal placement of biodegradable material, peri-prostatic, single or multiple injection(s), including image guidance, when performed	T	5375	\$4,506

*\*Considered a device intensive procedure by CMS, SpaceOAR™ material must be reported with device code C1889, on the same claims form as the placement code. See page 2 for more information.*

## ASC Payment – Medicare

CPT / HCPCS Code	Short Description	Subject to Multiple Procedure Reduction Indicator	Final Payment Indicator	ASC Medicare Allowed Amount
55874*	Transperineal placement of biodegradable material, peri-prostatic, single or multiple injection(s), including image guidance, when performed	Y	J8	\$3,008

\*Considered a device intensive procedure by CMS, SpaceOAR™ material must be reported with device code C1889, on the same claims form as the placement code. See page 2 for more information.

## ICD-10 CM Diagnosis Code

ICD-10 CM Diagnosis Code	Description
C61	Malignant neoplasm of prostate

## C-Code Information

For all C-Code information, please reference the C-code Finder: <http://www.bostonscientific.com/en-US/reimbursement/ccode-finder.html>

Code	Description
C1889	Implantable/insertable device, not otherwise classified

On claims for Medicare beneficiaries, hospitals should report not only the appropriate CPT® Code, but also C-Code C1889.

- C-Codes are tracking codes established by the Centers for Medicare & Medicaid Services (CMS) to assist Medicare in establishing future APC payment rates. C-Codes only apply to Medicare hospital outpatient claims. They do not trigger additional payment to the facility today.
- It is very important that hospitals report C-Codes as well as the associated device costs. This will help inform and potentially increase future outpatient hospital payment rates.

## Suggested Revenue Code for Device Code C1889

Code	Description
278†	Medical/surgical supplied and devices/other implants

Comprehensive APCs (C-APCs): In 2014, CMS implemented their C-APC policy with the goal of identifying certain high-cost, device-related outpatient procedures (formerly “device intensive” APCs). CMS has fully implemented this policy and has identified these high-cost, device-related services as the primary service on a claim. All other services reported on the same date will be considered “adjunctive, supportive, related, or dependent services” provided to support the delivery of the primary service and will be unconditionally packaged into the OPPS C-APC payment of the primary services with minor exceptions.

† According to Medicare, devices do not need to remain in the body to be classified as “implants.”<sup>1,2</sup>

1 Preamble to the Inpatient Prospective Payment update regulation for FY 2009 (73 FR 48462).

2 Revenue Code 278 - Definition in UB-04 manual, National Uniform Billing Committee Summary, August 2009, Page 5: (a)

Implantables: That which is implanted, such as a piece of tissue, a tooth, a pellet of medicine, or a tube or needle containing a radioactive substance, a graft, or an insert. Also included are liquid and solid plastic materials used to augment tissues or to fill in areas traumatically or surgically removed. An object or material partially or totally inserted or grafted into the body for prosthetic, therapeutic, diagnostic purposes. Examples of Other Implants (not all-inclusive): Stents, artificial joints, shunts, grafts, pins, plates, screws, anchors, radioactive seeds.

Please note: this coding information may include codes for procedures for which Boston Scientific currently offers no cleared or approved products. In those instances, such codes have been included solely in the interest of providing users with comprehensive coding information and are not intended to promote the use of any Boston Scientific products for which they are not cleared or approved. The Health Care Provider (HCP) is solely responsible for selecting the site of service and treatment modalities appropriate for the patient based on medically appropriate needs of that patient and the independent medical judgement of the HCP.

Health economic and reimbursement information provided by Boston Scientific Corporation is gathered from third-party sources and is subject to change without notice as a result of complex and frequently changing laws, regulations, rules, and policies. This information is presented for illustrative purposes only and does not constitute reimbursement or legal advice. Boston Scientific encourages providers to submit accurate and appropriate claims for services. It is always the provider’s responsibility to determine medical necessity, the proper site for delivery of any services, and to submit appropriate codes, charges, and modifiers for services rendered. It is also always the provider’s responsibility to understand and comply with Medicare national coverage determinations (NCD), Medicare local coverage determinations (LCD), and any other coverage requirements established by relevant payers which can be updated frequently. Boston Scientific recommends that you consult with your payers, reimbursement specialists, and/or legal counsel regarding coding, coverage, and reimbursement matters. Boston Scientific does not promote the use of its products outside their FDA-approved label. Information included herein is current as of November 2021 but is subject to change without notice. Rates for services are effective January 1, 2022.

Payer policies will vary and should be verified prior to treatment for limitations on diagnosis, coding, or site of service requirements. The coding options listed within this guide are commonly used codes and are not intended to be an all-inclusive list. We recommend consulting your relevant manuals for appropriate coding options.

#### Sequestration Disclaimer

Rates referenced in these guides do not reflect Sequestration, automatic reductions in federal spending that will result in a 2% across-the-board reduction to ALL Medicare rates as of January 1, 2022.
