## Introduction

The Reference Guide provides the list of Directions for Use (DFU) available for the Boston Scientific Deep Brain Stimulation (DBS) System. These manuals are designed for clinicians and other health care providers. The Reference Guide also provides device-specific information, such as the list of compatible leads for the DBS system.

The Boston Scientific DFUs are provided either online (as directed in your product packaging) or with your DBS system.

## How to Use this Reference Guide

This Reference Guide provides information for the DBS System in a table format. Use the highlighted rows to locate the information of interest to you (e.g. indications, implantable pulse generator, or programming).

# Vercise™ DBS System

## List of Directions for Use (DFU)

Information	DFU
