

The Boston Scientific Foundation was established to support communities by providing strategic, targeted grant funding to enable nonprofits to better serve those who are most in need. From access to health care services, health screening and information to educational programming geared to close the achievement gap for underserved students, the Boston Scientific Foundation is committed to working with and in select communities in the U.S.

TOTAL GIVING IN 2017

\$1M IN GIVING Health and Education Grants to Nonprofits and Scholarship Awards to children of US-Based Boston Scientific Employees

The legacy of caring at the Boston Scientific Foundation has a strong and consistent presence in our work, and in our commitment to others. Core to its ability to make change are the Employee Community Teams (ECTs) who volunteer their time to evaluate proposals and connect with grantees locally. More than 65 employees invest their time and talent to ensure the Foundation can do its work. Employee Community Teams operate in Valencia and Fremont, California, Spencer, Indiana, the Twin Cities, Minnesota and in central and eastern Massachusetts.
