

Endoscopy

**Boston
Scientific**
Advancing science for life™

2019
Reference Guide

We are dedicated to **transforming the lives of patients** by advancing the diagnosis and treatment of a broad range of gastrointestinal and pulmonary conditions with innovative, less invasive technologies. Through innovation, partnership and funding, we are advancing important clinical research, supporting education programs for societies and helping healthcare institutions achieve their goals.

Electrosurgical Bipolar Cable Adapter*

Order Number	GTIN	Description	Pin Spacing (mm)	Generator Compatibility**	Packaging
M00561440	08714729797609	Bipolar Cable Adapter	18	EMC (Coagulasem Dolley)	Each
M00561450	08714729797616	Bipolar Cable Adapter	22	ERBE, EMC Dolley, Olympus™ (ESG100 & PSD60)	Each
M00561460	08714729797623	Bipolar Cable Adapter	25	Lamidey (Optima 4)	Each
M00561470	08714729797630	Bipolar Cable Adapter	28	Valleylab™, Lamidey (Duo), Bovie™ (Aaron 3250™), Olympus (UES10, UES30 & Surgemaster), Bowa, Soring	Each
M00561480	08714729797647	Bipolar Cable Adapter	28 / Third Pin	ConMed™ (System 5000), Bovie (Aaron 2250™), Ethicon™	Each
M00561490	08714729797654	Bipolar Cable Adapter	32 / Third Pin	ConMed (Sabre 180, Excalibur, System 7550)	Each
M00561500	08714729797661	Bipolar Cable Adapter	39	Codman, Malis™	Each

*Bipolar Cable Adapters are used to connect Gold Probe™ and Injection Gold Probe™ Catheters with the above mentioned generators.

Bipolar Cable Adapters are not required for the connection of Gold Probe and Injection Gold Probe to Endostat™ II or III Generators.

** For generators and their associated cable adaptors not listed above, please contact your Boston Scientific Representative.

Note: Monopolar active cords are in the Polypectomy Section, [▶](#) (See page 79).

Note: Some variations in generator faceplates may exist within a generator model. We recommend that you confirm pin spacing prior to ordering.

Alair™ Bronchial Thermoplasty System

Alair Bronchial Thermoplasty System*

Order Number	GTIN	Model Number	Description	Packaging
M005ATS20000	08714729796695	Alair ATS 200	Alair Bronchial Thermoplasty Controller	Each
M005ATS25010	08714729802792	Alair ATS 2-5	⊗ Alair Bronchial Thermoplasty Catheter**	Each
M005ATS20110	08714729802778	Alair ATS 201	Alair RF Controller Accessory Kit	Each

*Service Agreement available with 1, 2, 3, and 4 year terms.

**Note: Initial stocking order requires a minimum order of 6 catheters (covering the complete treatment of 2 patients).

Brief Statement of Relevant Indications for Use, Contraindications, Warnings, and Adverse Events: The Alair™ Bronchial Thermoplasty System is indicated for the treatment of severe persistent asthma in patients 18 years and older whose asthma is not well controlled with inhaled corticosteroids and long-acting beta-agonists. The Alair System is not for use in patients with an active implantable electronic device or known sensitivity to medications used in bronchoscopy. Previously treated airways of the lung should not be retreated with the Alair System. Patients should be stable and suitable to undergo bronchoscopy. The most common side effect of BT is an expected transient increase in the frequency and worsening of respiratory-related symptoms. ENDO-551804-AA

Solutions

GuidePoint Reimbursement Resources and Solutions

The Endoscopy Health Economics and Market Access (HEMA) Team offers a suite of reimbursement services and support for healthcare professionals seeking a better understanding of reimbursement for Boston Scientific's endoscopy and pulmonary products and procedures. We can help you develop a base level of knowledge in coding, coverage and payment for these procedures and offer educational presentations and webinars on changes in healthcare policies and Medicare reimbursement and changes to Medicare reimbursement impacting providers and facilities.

About Our Team

Boston Scientific Endoscopy's HEMA Team is comprised of highly skilled professionals specializing in reimbursement, health economics and health policy issues. The team has a broad background with experience working for public and private payers, medical associations, healthcare consulting agencies and academic research organizations. We use clinical and economic outcomes data and collaborate with outside experts to promote appropriate coding, coverage and reimbursement for Boston Scientific endoscopy and pulmonary products and procedures.

Contact Information

For more information about Boston Scientific Endoscopy's GuidePoint Reimbursement Resources and Solutions, please contact our **Health Economics and Reimbursement department at 800-876-9960 x54510 or ENDOREIMBURSEMENT@bsci.com**.

www.bostonscientific.com/reimbursement

GUIDEPOINT
Reimbursement Resources

Health economic and reimbursement information provided by Boston Scientific Corporation is gathered from third-party sources and is subject to change without notice as a result of complex and frequently changing laws, regulations, rules and policies. This information is presented for illustrative purposes only and does not constitute reimbursement or legal advice. Boston Scientific encourages providers to submit accurate and appropriate claims for services. It is always the provider's responsibility to determine medical necessity, the proper site for delivery of any services and to submit appropriate codes, charges, and modifiers for services that are rendered. Boston Scientific recommends that you consult with your payers, reimbursement specialists and/or legal counsel regarding coding, coverage and reimbursement matters. Boston Scientific does not promote the use of its products outside their FDA-approved label.

Solutions

Boston Scientific's Endoscopy business develops less invasive medical devices for treating gastrointestinal diseases. We are committed to providing clinically proven technologies, services and customer support to help healthcare providers improve patient outcomes while reducing the total cost of patient care.

ADVANTICS™ Innovative Healthcare Solutions

ADVANTICS™ Innovative Healthcare Solutions is a new way to collaborate to meet your specific challenges in the changing healthcare landscape. ADVANTICS recognizes that every provider is unique and that only by working together can we find truly effective solutions.

GI Specialized Pathology

Diagnostics for GI Diseases. Getting an accurate and timely diagnosis is critical to patient care. GI Specialized Pathology services include GI subspecialty trained pathologists, GI trained histotechnicians to help ensure proper slide oriented, and customer service teams dedicated to improving the diagnosis process for physicians and their patients. Today, of the top diagnostic labs in the U.S., ours is the only pathology lab focused solely on GI diseases.

Scope Repair

Capital Equipment Management. As an alternative to original equipment manufacturer (OEM) and costly service contracts, scope repair services and certified pre-owned equipment are offered through a partnership with Total Scope, Inc. Established in 1993, Total Scope is focused on providing excellent customer service, including scope maintenance education and training for its customers. The company is certified to the quality standard ISO 13485, for the service, repair and maintenance of medical instrumentation. Total Scope is a woman-owned business.

GI Lab Optimization

Endoscopy Lab and Continuous Improvement. GI Lab Optimization services are designed to address specific customer issues related to quality, cost, safety, and staff and patient satisfaction. A mix of Lean Six Sigma, project management and Human Centered Design expertise can be used to tailor solutions to your needs for endoscopy lab optimization.

Certain Terms and Conditions

Ordering Information

All orders should be placed directly with Boston Scientific Endoscopy Customer Service
by mail, telephone, fax or Electronic Data Interchange (EDI).

Boston Scientific Endoscopy
500 Commander Shea Blvd.
Quincy, MA 02171
(888) 272-1001 Phone
(888) 272-9444 Fax
(877) 272-3340 EDI

Please contact EDI if interested in ordering your endoscopy products via the internet.

Please note that the above address is our mailing address only.

Customer Service is available between the hours of 8:30 am and 9:30 pm (Eastern Standard Time) weekdays excluding national holidays. Our toll-free fax number, (888) 272-9444, is available at all times. In addition, technical and emergency service is available 24 hours a day, 7 days a week, call (888) 272-1001 for further instructions.

Standing Orders

Boston Scientific Endoscopy accepts standing orders on all products. This convenience provides you with scheduled shipments using a single purchase order. Contact the Customer Service Database Department at (888) 325-1060 for details.

Terms

Terms are Net 30 Days. All shipments are F.O.B. Quincy, Massachusetts. Prices are subject to change without notice.

Returned Goods

Permission to return merchandise is required for all returns and, except as provided herein, may be withheld in the sole discretion of Boston Scientific Endoscopy. This authorization must be requested by calling or writing:

Customer Service

Boston Scientific Endoscopy

500 Commander Shea Blvd.

Quincy, MA 02171

(800) 862-1284

The request for authorization must include:

- Reason for the return – “Ordered in Error,” “Shipped in Error,” etc.
- Catalog number, size, quantity, lot number
- Purchase order number, Boston Scientific Endoscopy invoice number and date of invoice

All merchandise returned to Boston Scientific Endoscopy must be accompanied by a copy of the packing slip or invoice enclosed with the original shipment. The Returned Goods Authorization (RGA) number must be clearly marked on the shipping container. Merchandise returned without an RGA number will not be accepted or considered as returned product.

Merchandise that will not be accepted for return:

- Expired product or products with less than 6 months shelf life
- Merchandise manufactured as SPECIALS or CUSTOM
- Merchandise in unsaleable condition (opened, damaged, tampered, etc.)
- Merchandise not listed in this Price List or any Supplement
- Merchandise sterilized or used by customer
- Merchandise that is not packaged properly for shipping when returned
- Incomplete kits or boxes (unless defective)
- Unauthorized returns

Certain Terms and Conditions

Returned Goods (continued)

Allowance Schedule for Authorized Returns:

Allowance Schedule for Capital Equipment:

- Capital Equipment processed in error by Boston Scientific Endoscopy will receive full credit if returned in saleable condition
- Capital Equipment cannot be returned once the customer has taken title of the equipment

Allowance Schedule for Metal and Polyflex™ Stents and Alair™ Bronchial Thermoplasty Products:

- Merchandise processed in error by Boston Scientific Endoscopy will receive full credit if returned in saleable condition
- Merchandise returned within 30 days of invoice date in saleable condition will receive 100% credit
- Merchandise returned from 31 days to 90 days in saleable condition will receive full credit less a 30% restocking charge
- Merchandise returned from 91 days to 150 days in saleable condition will receive full credit less a 50% restocking fee
- Merchandise returned past 150 days will not receive any credit

Allowance Schedule for All Other Products:

- Merchandise processed in error by Boston Scientific Endoscopy will receive full credit if returned in saleable condition
- Other merchandise returned within 30 days of invoice date in saleable condition will receive full credit less a 15% restocking charge
- Merchandise returned past 31 days in saleable condition will receive full credit less a 40% restocking charge provided there is at least 6 months left on the expiration date

Pricing and Specification Changes

As we are continually introducing products and improving our existing products, this Price List does not purport to be complete, and the equipment supplied may not agree in all details with the description and specifications shown in the catalog and / or price list. All product offerings, prices and specifications are subject to change without notice.

Notice

Indications, contraindications and instructions for use, as well as product warranty information, if applicable, can be found in the product labeling supplied with each device. Caution: Federal law restricts this device to sale by or on the order of a physician.

Warning Re: Single-Use Devices

Products marked as “single-use” are for single use only. Do not reuse, reprocess or resterilize single-use products. Reuse, reprocessing or resterilization may compromise the structural integrity of the device and / or lead to device failure which in turn may result in patient injury, illness or death. Reuse, reprocessing or resterilization may also create a risk of contamination of the device and / or cause patient infection or cross-infection, including, but not limited to, the transmission of infectious disease(s) from one patient to another. Contamination of the device may lead to injury, illness or death of the patient. **BSC assumes no liability with respect to single-use devices reused, reprocessed or resterilized and makes no warranties, express or implied, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose, with respect to any such instrument.**

INDICATIONS FOR USE

The WallFlex Biliary RX Fully Covered Stent System RMV is indicated for use in the palliative treatment of biliary strictures produced by malignant neoplasms, relief of malignant biliary obstruction prior to surgery and for indwell up to 12 months in the treatment of benign biliary strictures secondary to chronic pancreatitis.

LIMITATIONS

The sale, distribution, and use of the device are restricted to prescription use in accordance with 21 CFR §801.109.

Contraindications:

- The WallFlex Biliary RX Fully Covered Stent System RMV should not be placed in strictures that cannot be dilated enough to pass the delivery system, in a perforated duct, or in very small intrahepatic ducts.
- The WallFlex Biliary RX Fully Covered Stent System RMV should not be used in patients for whom endoscopic techniques are contraindicated.

Warnings:

- The safety and effectiveness of the stent for benign stricture treatment has not been established for indwell periods exceeding 12 months.
- The WallFlex Biliary RX Fully Covered Stent System RMV is for single-use only.
- The safety and effectiveness of the WallFlex Biliary RX Fully Covered Stent System RMV for use in the vascular system has not been established.
- Clinical Study was not able to demonstrate that the use of this device is safe and effective in the treatment of benign biliary post liver transplantation anastomotic strictures and of benign biliary post abdominal surgery strictures.
- Testing of overlapped stents has not been conducted.
- The stent contains nickel, which may cause an allergic reaction in individuals with nickel sensitivity.

PLEASE REFER TO THE LABELING FOR A MORE COMPLETE LIST OF WARNINGS, PRECAUTIONS AND CONTRAINDICATIONS.

Bold type
is old order number

For customer convenience, the Boston Scientific Endoscopy ordering system accepts the UPN (Universal Product Number) e.g., **M00513362** found on product labeling as well as Boston Scientific's old 4 digit order numbers e.g., **1336**.

Please use either one of these numbers when placing an order via phone, fax, internet, or Electronic Data Interchange (EDI).

For those customers who scan product today, Boston Scientific is moving to the GS1 GTIN barcode and labeling standards as part of our ongoing commitment to improve supply chain efficiency. For more information go to the website: www.bostonscientific.com/GS1.

Boston Scientific Endoscopy Customer Service Representatives will be happy to help you with any questions. We are eager to make the ordering procedure as simple and efficient as possible.
