Dear (Attendee Name),

Thank you so much for attending my presentation on Complex PCI at (Venue Name) on (Event Date). I would welcome the opportunity to talk further about partnering with you on your patients with coronary artery disease.

If you are interested in observing a PCI procedure for a complex case, please let me know. I will arrange for you to attend one as soon as possible.

I approach every referral with the utmost respect for the relationship between the patient and the referring physician. You possess invaluable knowledge about your patients' histories, their symptoms, and the lives they lead outside your office. Your perspective and understanding is essential to identifying patients most likely to benefit from the procedure — and achieving the best possible outcomes.

Together, we can get more of your patients back to the lives they love. Please feel free to contact me via email at (presenter.email@domain.com) or phone (XXX-XXX-XXXX).

Best regards,
