

2025 Customer Billing Quick Reference for Ambulatory Surgery Centers (ASCs)

Medicare incremental device reimbursement applicable to LithoVue™ single-use digital flexible ureteroscope and LithoVue™ Elite single-use digital flexible ureteroscope

Transitional Pass-Through (TPT) Payment

The Centers for Medicare & Medicaid Services (CMS) approved a transitional pass-through (TPT) payment category to describe single-use ureteroscopes, such as the LithoVue Single-Use Digital Flexible Ureteroscope or LithoVue Elite Single-Use Digital Flexible Ureteroscope. The new device pass-through code (C1747) can be used to bill for LithoVue Single-Use Digital Flexible Ureteroscope and LithoVue Elite Single-Use Digital Flexible Ureteroscope when used in the treatment of Medicare patients in the hospital outpatient setting and ASCs. This device-specific payment is in addition to the ureteroscopy procedure payment and is intended to cover the cost of the device. LithoVue Single-Use Digital Flexible Ureteroscope and LithoVue Elite Single-Use Digital Flexible Ureteroscope can have a positive economic impact on facilities as they eliminate reprocessing costs associated with reusable ureteroscopes.

Transitional Pass-Through Code

HCPCS	Description	ASC Payment Indicator (PI)
C1747	Endoscope, single-use (i.e., disposable), urinary tract, imaging/illumination device (insertable)	J7*

*OPPS pass-through device paid separately when provided integral to a surgical procedure on ASC list; payment contractor priced. C1747 has an ASC Payment Indicator of J7 and therefore is subject to copayment.

ASC Payment – Medicare Unadjusted National Average

For 2025, the CMS device offset amounts for Ureteroscopy or PCNL CPT® codes are below and available at: <https://www.cms.gov/medicare/payment/prospective-payment-systems/ambulatory-surgical-center-asc/asc-regulations-and/cms-1809-fc> Addendum FF*

		2025 Medicare National Average in ASC		
APC	HCPCS Code	Final 2025 ASC Payment Rate	Final 2025 Device Offset Percentage	Final 2025 Device Offset Amount
5374	50951	\$1,655.31	2.52%	\$41.71
	50953	\$1,655.31	9.64%	\$159.57

Reporting for Procedure and Device on a Claim (ASCs Only)

Always check with your local MAC for required documentation to ensure all necessary paperwork/ documentation is appended to the pending claim.

Example Submission Steps (for Illustrative Purposes Only)

The following is a walkthrough of a hypothetical example of how billing and coding process might work.

1. Submit 1500 claim form electronically
 - After claim submission, an ICN (Internal Control Number) will be assigned by your local MAC
 - Typically, 24-48 hours after submission (log back in to get ICN)
2. Create the PWK (Paperwork Loop Number)
 - PWK loop number is created based on “PWK instruction sheet” provided by MAC
3. Place the same PWK Loop Number in the ACN (Attachment Control Number) space on fax cover sheet
4. Attach a copy of the INVOICE for cost of LV or LVE to the Fax coversheet and submit
5. Finally, go back and add the PWK Loop Number to the 1500 claim on line 19

How Does TPT Payment Work in the ASC?

Medicare MACs typically reimburse 100% of the reported invoice cost of the device charged under C-Code C1747 when an eligible procedure code is charged in conjunction with C1747. CMS will reduce the allowed amount of the procedure by the device-specific Device Offset Percentage.

TPT Payment Example Calculation for LithoVue™ Single-Use Digital Flexible Ureteroscope For Illustrative Purposes Only

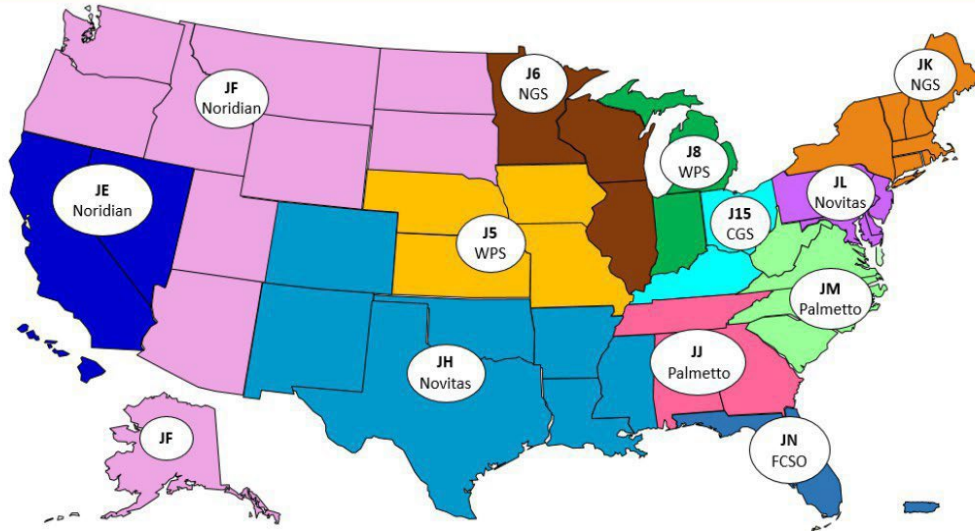

CPT® Code 52356: Cystourethroscopy, with ureteroscopy and/or pyeloscopy; with lithotripsy including insertion of indwelling ureteral stent (e.g., Gibbons or double-J type)

Description			Calculation	LithoVue Single-Use Digital Flexible Ureteroscope (LV) Amount	LithoVue Elite Single-Use Digital Flexible Ureteroscope (LVE) Amount
Procedure Payment	A	2025 ASC Procedure CPT Code 52356 National Unadjusted Payment rates		\$2,522	\$2,522
	B	2025 ASC Medicare Device Offset Amount CPT Code 52356		\$279	\$279
	C	ASC payment for procedure CPT 52356 after TPT Device Offset	A-B	\$2,243	\$2,243
TPT Payment	D	C1747 TPT ASC Payment based on LV/LVE Invoice Amount*		\$1,500	\$2,400
Total Payment	E	2025 ASC Total Allowed Payment for procedure utilizing LV/LVE	C+D	\$3,743	\$4,643

*Invoice amount varies based on contracted rates.

Note: Commercial payers are not required to follow CMS payment methodology, however, some may choose to do so. It is recommended to reach out to commercial payers to understand commercial payer reimbursement for LithoVue Single-Use Digital Flexible Ureteroscope and LithoVue Elite Single-Use Digital Flexible Ureteroscope.
