

## Is the CHAMPION-AF Trial right for me?

The CHAMPION-AF clinical trial aims to expand WATCHMAN as a first-choice option versus blood thinners to more AFib patients. With over 100,000 people successfully treated, this one time, FDA approved alternative to blood thinners **may offer** a lifetime of safe and effective protection against stroke.

**The below questions will help you start a conversation with your heart doctor about if the CHAMPION-AF clinical trial may be right for you.**

**I have been diagnosed with Atrial Fibrillation (Afib) not caused by a heart valve problem (i.e. non-valvular Afib).**

Yes  No

**I have been prescribed a blood thinner in the past for my non-valvular Afib?**

Yes  No

**Age:**  <65  65-75  >75

**Gender:**  Male  Female

**How would you describe yourself?**

American Indian or Alaska Native

Native Hawaiian or Other Pacific Islander

Asian

White or Caucasian

Black or African American

Other

**I have been diagnosed with the following conditions: (select all that apply)**

Congestive Heart Failure

History of Stroke(s)

Hypertension (elevated blood pressure)

Vascular Disease

Diabetes

**Check any of the following that apply to you:**

I currently take a blood thinner

I have experienced bleeding and/or other side effects because of blood thinner medication

I have concerns about lifestyle tradeoffs related to blood thinners

I would like an alternative option to blood thinners, like WATCHMAN

**I am open to learning more about potential clinical trial eligibility**

Yes  No

For more information, or to find out if you're an appropriate candidate for the CHAMPION-AF clinical trial schedule an appointment with your heart doctor and visit [www.watchman.com/champion-af.com](http://www.watchman.com/champion-af.com)

WATCHMAN FLX™ is an FDA approved device being studied for an expanded indication as a first line therapy vs NOAC for NVAF patients. The use of WATCHMAN or WATCHMAN FLX™ as a first-line therapy for stroke risk reduction in NVAF patients is considered investigational.

**Caution:** Investigational Device. Limited by US law to investigational use only. Not available for sale.
