

BOSTON SCIENTIFIC FOUNDATION 2021 ANNUAL REPORT

Urban Ventures

The Children's Trust

Boys & Girls Clubs of the Twin Cities

The Boston Scientific Foundation was established to support communities by providing strategic, targeted grant funding to enable nonprofits to better serve those who need it most. From access to health care services, health screening and information to educational programming geared to close the achievement gap for underserved students, the Boston Scientific Foundation is committed to working with communities in the United States where a large majority of the employees live and work.

FOUNDATION INFORMATION

MISSION

To improve health and open educational opportunities for economically disadvantaged persons, with an emphasis on communities where Boston Scientific employees live and work in the United States.

BOARD OF DIRECTORS

Clerks: Wendy Carruthers
Directors: Brenda Becker
Maggie Combs
Shawn Williams
Susie Lisa

(Served Jan-June)

HEALTH GRANTS

Programs that aim to improve the health of those who are economically disadvantaged, with a focus on cancer, respiratory, cardiovascular, neurological, diabetes, gastrointestinal or urologic diseases, disorders, and mental wellness through one of these approaches: disease prevention, access to care, disease awareness and diagnosis or quality of care.

STEM EDUCATION GRANTS

The Foundation supports programs focused on improving STEM (Science, Technology, Engineering and Math) educational opportunities and academic development for K-12 students who are economically disadvantaged.

SCHOLARSHIP PROGRAM

In keeping with its mission, the Boston Scientific Foundation offers academic scholarships to eligible children of United States-based Boston Scientific employees who attend an accredited post-secondary institution to pursue any course of undergraduate study. Selection of recipients and management of the program is done by Scholarship America, Inc.

\$300,000 in scholarships given to **94** students

“... I have every intention to use this time in my life to learn, grow, and contribute to the scientific community. Thank you once again for your generosity, and for allowing me to follow my educational aspirations.

*- Class of 2026 student,
University of Minnesota*

“...I am so grateful for the opportunity to put this money towards my bachelor's degree in Nursing. Montana State University has been such an amazing experience so far.”

*- Class of 2024 student,
Montana State University*

“I know that I am exactly where I am supposed to be and your financial generosity helped me get here! I have decided to major in Mathematics and am looking to explore options in engineering...My goal is to get my degree and do something productive for the community and leave my mark on this world!”

- Class of 2025 student, Regis University

GRANTEE STORIES

“The Community Asthma Initiative program has been remarkably successful at reducing the need for asthma related hospitalizations and emergency department visits. With help from philanthropy, we have been able to provide individualized asthma education, help families understand medications and use more consistently, and address environmental issues.”

Dr. Woods, Director
The Children’s Trust – MA

“Our partnership with the Boston Scientific Foundation helps Boys & Girls Clubs of the Twin Cities provide equitable opportunities for hands-on K-12 STEM education and enrichment to spark and grow STEM interest and STEM skills for the young people we serve.”

Terryl Brumm, President & CEO
Boys & Girls Clubs of the Twin Cities - MN

“Ellie Fund is so proud and humbled to partner with the Boston Scientific Foundation in our work to establish Equitable Pathways for Breast Cancer Patients to access both medical care and the nonmedical services we provide—including food, transportation to treatment, and childcare.”

Danna Remen, Director of Development
Ellie Fund - MA
