Boston Scientific is dedicated to transforming lives through innovative medical solutions that improve the health of patients around the world. With commercial representation in more than 130 countries and 45,000 employees around the world, we understand that our impact as a health care company extends to how we operate our business and care for the world around us.

Our ESG performance highlights

20% decrease in global energy intensity since 2017

71% of all Boston Scientific real estate (including commercial, leased and owned) is independently certified for energy efficiency by industry-leading bodies such as LEED for design and ISO 50001:2018 for building operations, representing 6+ million square feet

76% renewable electricity, on track for our goal of 100% by 2024\textsuperscript{1,2}

40% of energy from renewable sources, on track for our goal of 90% by 2027\textsuperscript{1}

Remained on track for carbon neutrality (scope 1 and 2) in all our manufacturing and key distribution sites by 2030

SBTi approval
Net-zero and greenhouse gas emission reduction targets approved by the Science Based Targets initiative (SBTi)

Note: All data as of December 31, 2022 unless otherwise specified.

\textsuperscript{1} Inclusive of all manufacturing and key distribution sites only.

\textsuperscript{2} Purchased electricity matched with electricity from renewable sources.
### Social

<table>
<thead>
<tr>
<th><strong>33+ million</strong> patients served</th>
<th><strong>$67 million</strong> donated to fund medical research, fellowships, education and charitable organizations globally</th>
<th><strong>121,000+</strong> women and people of color identified in action plans to advance equitable care through our Close the Gap initiative</th>
</tr>
</thead>
</table>
