PLACE YOUR TRUST
in Boston Scientific Metal Stents
FOR OVER 20 YEARS, Boston Scientific has been a leading developer of advanced stent technologies and remains committed to high quality standards and collaboration with physicians.

PROCEDURAL EXCELLENCE SUPPORTED BY CLINICAL EVIDENCE.
Boston Scientific (BSC) gastrointestinal stents have been studied in over 500 publications. Recent BSC-sponsored clinical trials for WallFlex™ Metal Stents have taken place at over 100 medical centers in more than 20 countries across 5 continents.

- **2005**: First patient enrolled in BSC sponsored trial of WallFlex Duodenal Stent in palliation of malignant gastric outlet obstruction
- **2006**: First patient enrolled in BSC sponsored trial of WallFlex Colonic Stent as a bridge to surgery in malignant colonic obstruction
- **2007**: First patient enrolled in BSC sponsored trial of WallFlex Fully Covered Biliary Stent in palliation of malignant biliary strictures
- **2009**: First patient enrolled in BSC sponsored trial of WallFlex Biliary Fully Covered Stent in treatment of benign biliary strictures
- **2012**: First patient enrolled in BSC sponsored trial of WallFlex Biliary Fully Covered Stent vs. multiple plastic stents in treatment of benign biliary strictures caused by chronic pancreatitis
- **2013**: First patient enrolled in BSC sponsored trial of WallFlex Biliary Stent in pre-operative drainage of malignant biliary strictures

1989 WALLSTENT™ Biliary
First Boston Scientific biliary stent placed

1994 Ultraflex™ Esophageal
First proximal and distal released stent

1994 WALLSTENT Esophageal
First Pamulume™ covered stent

1998 WALLSTENT Colonic/Duodenal
First colonic/duodenal stent indication in the U.S.
Boston Scientific provides value that extends beyond our products, by delivering unsurpassed service and support to hospitals and physicians around the world.

BOSTON SCIENTIFIC...

- 25k: Trained over 25,000 healthcare professionals in 2012
- 800: Hosted more than 800 educational preceptorships, local programs and seminars globally in 2012
- 1,700: Listening to You Conducted interviews with over 1,700 physicians, nurses, patients and economic customers in 2012
- 19k: Issued over 19,000 continuing education credits (CECs) in 2012
- 140+: Secured more than 140 patents on metal stent technology over the last 20 years
WHAT PHYSICIANS ARE SAYING...

Boston Scientific is seeking to deliver the best possible care to patients by promoting and conducting important clinical studies while constantly evaluating and improving upon their products. This not only advances our scientific knowledge but also contributes to facilitate evidence based best practice medical care to our patients."

Prof. Marco Bruno, Erasmus Medical Center Rotterdam, The Netherlands

"The WallFlex™ [Colonic] Stent is a tremendous advancement in stent technology...these stents go around strictures very well without kinking... The lumen of the stent is not compressed by the stricture whatsoever and will follow the course of the lumen."

Douglas Pleskow, MD, Beth Israel Deaconess Medical Center Boston, MA

"As a physician, I appreciate that Boston Scientific invests in clinical studies in order to develop and select the very best stents for patient care. The portfolio fulfills what each case needs."

Prof. Thierry Ponchon, Hospital Edouard Herriot Lyon, France

2013
More than 1 million stents delivered over the last 20 years

options available for patient treatment and management.

2008
WallFlex Biliary RX partially and fully covered First retrievable biliary stent

2009
WallFlex Esophageal Fully Covered Stent First WallFlex Fully Covered Esophageal Stent

2010
WallFlex Biliary RX Benign indication approved in CE Marked countries

Benign indication not available in the US
