Infection Prevention Portfolio

Boston Scientific
Advancing science for life™

Compliance. Consistency. Care.

The Boston Scientific Infection Prevention portfolio of products is designed to provide the components needed to **comply with industry guidelines, mitigate cross-contamination risk,** and **reduce variablility** during endoscope reprocessing.

Orca™ Pod	Compliance EndoKit™	Blox™ Bite Blocks	CinchPad™	EndoArmor™ Gowns	HedgeHog™ Cleaning Brushes	Lubricants	Hydra™ Irrigation System	Koala™ Sponge

Infection Prevention Portfolio

OrcaPod™ Seal™

Single Use Biopsy Valve

- Single Use to reduce the risk of cross-contamination between patients
- Designed to minimize leakage and maintains scope pressure while passing device

Orca™

Sterile Single Use Air/Water & Suction Valves

- Silicone free in accordance with manufacturer's recommendations
- Precision manufactured shaft and symmetrical center hole for a consistent fit, function and performance

Hydra™

Disposable Auxiliary Water Jet Connector

- Single-Use – no lost components to replace
- One-way Valve designed to reduce the risk of cross-contamination

ORDERING INFORMATION

Order #	Description	Unit
SUV-617-50	Orca Sterile, Single Use Air/Water and Suction Valves	Box 50
SUV-628-50	OrcaPod Sterile, Single Use Air/Water and Suction Valves with Seal Biopsy Valve	Box 50
SUV-629-50	OrcaPod Sterile, Single Use Air/Water and Suction Valves, Seal Biopsy Valve and Hydra Water Jet Connector	Box 50
SBC-501-100	Seal Single Use Biopsy Valve	Box 100
SIT-361-100	Hydra Disposable Auxiliary Water Jet Connector	Box 100

Infection Prevention Portfolio

Blox™ Bite Blocks

Designed for optimal access and patient comfort

- Available in three sizes to accommodate various patient and clinical needs
- Large lateral openings enhance digital guidance and provides easy access for suctioning
- Radiused dental rim fits comfortably to protect teeth, lips and gums
- Soft, adjustable latex-free strap

ORDERING INFORMATION

Order #	Description	Unit
SBT-546-100	60 Fr Bite Block with Dental Rim	Box 100
SBT-114-100	54 Fr Bite Block with Dental Rim	Box 100
SBT-321-100	54 Fr Bite Block w/o Dental Rim	Box 100

Infection Prevention Portfolio

CinchPad™ Procedure and Endoscope Transport Pad

Designed to provide leak-proof containment to reduce bio-hazard risks and complies with society guidelines for endoscope transport

- Flexible drape size for full surface coverage for large and small cart surfaces
- Absorbent pad for fluid control and transportation protection
- Strong leak-proof liner to prevent leak through of fluids
- Cinching cords to convert the surface pad into your enclosed transport container

ORDERING INFORMATION

Order #	Description	Unit
SPX-017-100	CinchPad Endoscope Transport Pad	Box 25

Infection Prevention Portfolio

EndoArmor™ Gowns

Designed by GI professionals to meet the comfort requirements for endoscopy procedures. Please note that the gown does not offer protection against risks to health or safety and does not constitute personal protective equipment (PPE). EndoArmor+ has been tested to the requirements of DIN EN 14126:2005 clause 4.1.4 with passing results.*

- Breathable Microweave fabric provides a blend of comfort and protection for minimal fluid contact
- Featherweight mesh back keeps staff cool
- MagicFit universal sizing

* Class 4: Classification of resistance to penetration by contaminated liquids under hydrostatic pressure (part 4.1.4.1., testing according ISO 16603 and ISO 16604). Class 6: Classification of resistance to penetration by infective agents due to mechanical contact with substances containing contaminated liquids (part 4.1.4.2.,testing according EN ISO 22610). Class 3: Classification of resistance to penetration by contaminated liquids aerosols (part 4.1.4.3., testing according EN 22611). Class 3: Classification of resistance to penetration by contaminated solid particles (part 4.1.4.4., testing according EN ISO 22612).

ORDERING INFORMATION

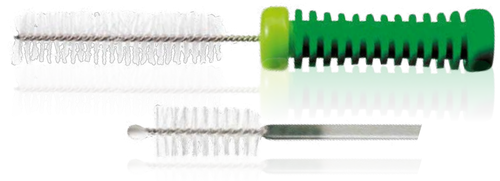

Order #	Description	Unit
SGE-368-100	EndoArmor GI Procedure Gown	Box 100
SGE-389-100	EndoArmor+ GI Procedure Gown	Box 100

Infection Prevention Portfolio

HedgeHog™ Cleaning Brushes

Designed for maximum scrubbing and efficiency

- Available in various configurations to provide the right size and density for optimal scrubbing
- Stiffness designed to provide smooth scope passage
- Clinically evaluated to be as effective as OEM cleaning brushes[1]

ORDERING INFORMATION

Order #	Description	Unit
SBS-227-50	HedgeHog Single-end Channel Brush	Box 50
SBD-228-50	HedgeHog Double-end Channel Brush	Box 50
SBD-289-50	HedgeHog Dual-end Channel / Valve Brush	Box 50
SBD-291-50	HedgeHog Sweeper Brush	Box 50
SBB-382-50	HedgeHog Double Bundle	Box 50

1. Data on file.

Infection Prevention Portfolio

Lubricants

EndoGlide+™ lubricating gel was specifically formulated by gastroenterologists for endoscopy

- 1.1 oz packet is designed to minimize waste and promote single use
- Viscosity facilitates scope passage in the anatomy

ORDERING INFORMATION

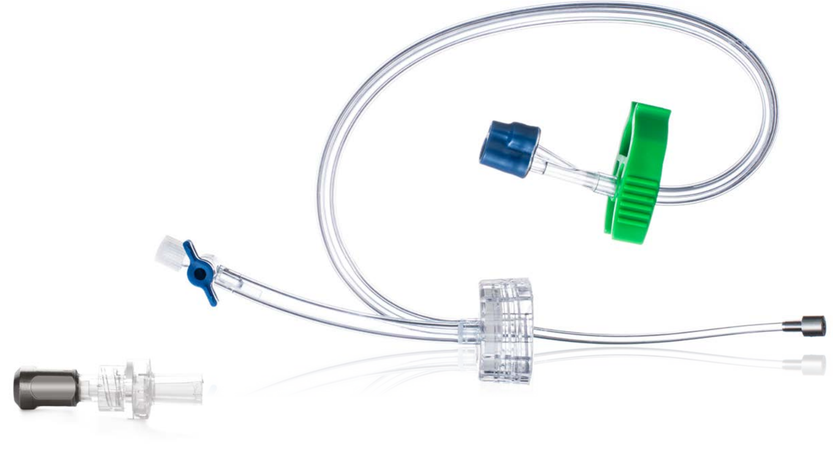

Order #	Description	Unit
SLT-394-100	1.1 oz EndoGlide+ Lubricating Gel	Box 100
SLT-395-50	2 oz EndoGlide+ Lubricating Gel	Box 50

Infection Prevention Portfolio

Hydra™ Irrigation System

Provides a comprehensive disposable water bottle and irrigation solution

- Carefully designed to address and minimize the risks associated with cross-contamination
- Designed to maintain optimal flow and performance
- Compatible with air or CO2 insufflation

ORDERING INFORMATION

Hydra Irrigation Tubing (24-Hour Use)		
Order #	**Irrigation Pump Compatibility**	**Unit**
SIT-575-15	Olympus™ AFU-100, ERBE™ EIP 2, Medivators™ EndoStratus™ & EndoGator™	Box 15
SIT-577-15	Olympus OFP2	Box 15

Hydra Disposable Auxiliary Water Jet Connectors (Single Use)		
Order #	**Scope Compatibility**	**Unit**
SIT-361-100	Olympus 160, 180, & 190 Series	Box 100

Hydra Water Bottle Caps (24-Hour Use)				
Order #	**CO_2**	**Air/Water Tubing Length**	**CO_2 Tubing Length**	**Unit**
SCT-609-10	Yes	16″ (41 cm)	18″ (46 cm)	Box 10

Infection Prevention Portfolio

Koala™ Sponge

Designed with absorbent sponge cell technology to remove harmful bio-burden from endoscopes

- Ergonomically shaped design to help ensure full contact on insertion tubes
- Designed to protect the distal tip of an endoscope during transport

ORDERING INFORMATION

Order #	Description	Unit
SSB-210-50	Koala Cleaning Sponge	Box 50
SES-240-50	Koala Cleaning Sponge Imbibed w/ Pure	Box 50
