

## EUROPEAN CRYOABLATION SUMMIT 2021

### DAY 1

**15TH NOVEMBER 2021 3PM-7PM CET**

Chairperson: Dr. David J. Breen

*"Cryoablation has become an essential tool of Interventional Oncology. Users testify to the precision and control it brings to ablation, as applications continue to expand. Boston Scientific has pulled together key users and experts in the field to discuss state of the art practice and direction of travel in this critical field. I'm looking forward to hearing from all of them. Join us on the 15th and 16th of November"*
