“The intimacy that we used to have went away. All of a sudden, it was like we were completely separated. There was no connection.”

— Tom
WHAT ARE MY TREATMENT OPTIONS?5

Whatever is causing your ED, there is a treatment option that can provide a satisfying solution. Oral medications are a common first step, but they don’t work for everyone or may stop working. Other treatments include vacuum erection devices, injections and intraurethral suppositories. A penile implant is designed to be a permanent solution for men suffering from ED and can provide an erection whenever and wherever desired.

There is hope for most men with ED to regain the confidence, control and wholeness to enjoy an active, satisfying sex life. Visit EDCure.org to:
- Take the online ED quiz and get your customized treatment results
- Find an ED specialist in your area
- Register for free educational seminars to learn more about treatment options
- Hear how real people like you have treated their ED
- Get answers to common questions about ED, penile implants and insurance coverage

Email us at MHPatientEducation@bsci.com or call 1-844-4ED-CURE and we can connect you with a patient who found a successful treatment for his ED and provide you with resources in your area.
